November, 2000

Dear Supporters,

Just in case you are not getting enough mail these days we thought we would help you out....

This letter is different, though, This one is not asking for endorsements, votes, opinions, or even for money – JUST GOOD NEWS!!!

**This coming Saturday we will be returning to the jungles of Honduras.** Our volunteer team in August got the process of getting building materials for the clinic building project started. Now, thanks to your generosity, we are ready to start the next phase. This will be a construction mission to physically put up the clinic building. Dr. Claudio will be with us and so we will also do a medical clinic while in 'the bush'. (At our ages and with all of the hazards in the jungle we REALLY appreciate having a doctor close by!)

AND: Here is a RESCUE TASK FORCE bumper / window sticker that is just for you as one who has shared of your hard earned money to save lives with RESCUE TASK FORCE.

The brochure is a tool to introduce others to RESCUE TASK FORCE. Please give people a brochure when you are asked about the sticker. We have plenty of brochures – Booz, Allen & Hamilton is donating them. We cannot be careless with them, but they are printed and given in quantity to help spread the word about RESCUE TASK FORCE's projects and our life saving missions, so please ask for as many as you can use.

Please let us know how many additional stickers and brochures we can send to you by calling or writing to us. While we are in Honduras the above fax number will forward to Gary's Mom, or write to her directly at:

**RESCUE TASK FORCE  
P.O. BOX 2926  
SAN BERNARDINO, CA 92406**

RESCUE TASK FORCE information can also be downloaded off of our web site at:  
[www.rescuetaaskforce.org](http://www.rescuetaaskforce.org)

We do have a favor to ask of you. **Will you help RESCUE TASK FORCE grow so that we can do more – save more lives and help people to help themselves to better lives?**

When we get back, just after Thanksgiving, we will send out a trip report and project update on the jungle clinic construction, our Honduran disaster relief efforts, and our relief projects on the Mexico side of the U.S. / Mexico border for orphans and needy families. We would like to share this great work that you are supporting with as many people as possible.

Will you introduce RESCUE TASK FORCE to your family and friends?

Would you please consider sending us your 'Christmas card' list of labels or addresses for us so that we can mail our newsletter to them? Or, if you prefer, we can send to you the number of newsletters that you tell us to, with stamped envelopes, for you to send out to your list yourself. At your direction we will print (photocopy) a brief note of introduction to RESCUE TASK FORCE that will be from you to be included with each of your letters.

The next newsletter will invite readers to review our NEW web site as a means of learning about RESCUE TASK FORCE, who we are, what we do, and why you support this unique work. (The web site will also have some additional ways to support RESCUE TASK FORCE: By linking to Amazon.com and Toys R Us via our web site for shopping that people might well be doing anyway. A percentage of the sale transaction is credited to RESCUE TASK FORCE.)

Sharing with your family and friends will give them an opportunity to also say: ***I SAVED A LIFE*** – a neat way to end this year and start the next!!!

We truly hope you will display this sticker. Your giving does indeed save lives: An infant that would have died from dehydration from simple diarrhea, a mother needing surgery where there was no doctor, a farmer, working in a swamp to feed his family, with a simple injury that unattended would spread deathly infection throughout his body. These are just some of the people that are healthy and well today – because of YOU!

Your support to RESCUE TASK FORCE saves lives, and improves lives for people that more than likely you will never know. But they know you!!!

They know that it is an American who sends a RESCUE TASK FORCE team to them when they are without hope, and, worst of all, when they are fearful that their prayers are unheard.

From them: Thank You. Tinki Pali. Gracias.

From Wendell and Gary: With all of the requests and good causes requesting your financial help, Thank You for choosing RESCUE TASK FORCE to carry your love and concern to hurting bodies and aching hearts and for using RESCUE TASK FORCE to say what you have done...

***I SAVED A LIFE***

Yours In Service and with Great Appreciation,

Gary & Wendell
